

Remote Sensing-Derived Monitoring Products for the Arctic North Slope Science Initiative Workshop

Workshop Participants

Robyn Angliss, National Oceanic and Atmospheric Administration, Alaska Fisheries Science Center

Don Atwood, Alaska Satellite Facility

Betsy Baker, International Arctic Research Center IT Law School

Greg Balogh, Arctic Landscape Conservation Cooperative, US Fish and Wildlife Service

Keith Boggs, Alaska National Heritage Program, University of Alaska Anchorage

Gil Castellanos (Online Participant)

Jessie Cherry, University of Alaska Fairbanks

Hajo Eicken, University of Alaska Fairbanks

Dan Fehring, Duck's Unlimited

Allison Gaylord, Nuna Technologies

Amanda Grimm, Michigan Tech Research Institute

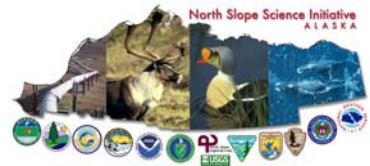

Jess Grunblatt, North Slope Science Initiative/Geographic Information Network of Alaska

Scott Guyer, Bureau of Land Management

Tom Heinrichs, University of Alaska Fairbanks/Geographic Information Network of Alaska

Larry Hinzman, International Arctic Research Center, University of Alaska Fairbanks

Liza Jenkins, Michigan Tech Research Institute

Nicole Kanayurk, North Slope Borough

Eric Kasischke, University of Maryland

Denny Lassuy, North Slope Science Initiative

Olivia Lee, University of Alaska Fairbanks/Geophysical Institute

Wendy Loya, The Wilderness Society

Joel Lindstrom, Department of Energy, National Energy Technology Laboratory (on-line participant)

Bill Manley (Online Participant)

Philip Martin, Arctic Landscape Conservation Cooperative/US Fish and Wildlife Service

John Payne, North Slope Science Initiative

Scott Pegau, Oil Spill Recovery Institute

Robert Shuchman, Michigan Tech Research Institute

Jamie Trammell, Alaska National Heritage Program, University of Alaska Anchorage

Tim Viavant, Alaska Department of Fish and Game

Matthew Vos, Bureau of Land Management /North Slope Science Initiative

Skip Walker, University of Alaska Fairbanks

Michelle Wienert, Michigan Tech Research Institute

Dave Yokel, Bureau of Land Management
